

FYIsoft Provides Market-Leading Financial Reporting Solution for Dexter + Chaney Clients

NAPLES, Fla. – April 18, 2017 – (Business Wire) – FYIsoft, Inc., a leader in cloud-based financial reporting software solutions, today announced that it has become a preferred partner for financial reporting with [Dexter + Chaney](#), the leader in cloud-based construction ERP software.

FYIsoft's cloud-based financial report writer, CloudFYI®, seamlessly integrates with Dexter + Chaney's [Spectrum® Construction Software](#), providing clients with accurate insight into their corporate finances. CloudFYI is a sophisticated and intuitive solution that enables businesses to increase productivity by automating manual report processes, quickly reconciles anomalies through powerful drill down capabilities, and enables faster period-end close activities.

"Our multi-year partnership with FYIsoft continues to deliver a comprehensive financial reporting and analysis solution to our clients," said Scott Rosenbloom, Vice President of Strategy at Dexter + Chaney. "We are fully committed to providing integration with best of breed offerings in the market and CloudFYI provides a great financial reporting solution for clients."

"We have built a strong and successful relationship with Dexter + Chaney with many joint clients," said John O'Connell, President of FYIsoft. "Our collaboration will enable clients to analyze their financial data through a powerful and easy to use [solution](#) that is proven to increase operational effectiveness and deliver a faster period-end close. We are proud to be a trusted solution provider for the construction industry."

Dexter + Chaney users interested in evaluating FYIsoft's financial reporting solutions should contact our Sales Department at 877.450.1440 or sales@fyisoft.com.

About FYIsoft

FYIsoft provides feature-rich, easy-to-use financial reporting solutions that enable companies to gain accurate insight into their corporate finances – wherever, whenever, and however their business needs dictate.
